

Cookie policy

A cookie is a small file that is placed on your computer when you visit a website.

Cookies have countless functions. Among other things, they can collect information, remember the individual settings of the visitor, and can be used, e.g. when using online shopping carts and can generally make it easier for users to use the website.

How can you check and disable cookies?

All modern browsers allow changing the cookie settings. Most browsers automatically accept cookies by default, but these can usually be changed to prevent automatic acceptance and offer you a choice each time whether or not to allow cookies.

Please note that since the purpose of cookies is to facilitate or enable the usability and processes of our website, by preventing or deleting the use of cookies, it is possible that our users will not be able to fully use the functions of our website, or that the website will work differently in their browser than intended.

You can find information about the cookie settings of the most popular browsers at the links below
